

QUALITY

POLICY STATEMENT

Aspire Defence is committed to delivering Project Allenby/Connaught to the Ministry of Defence in compliance with its expectations for quality. The objectives and operations of Aspire Defence shall be assured through an established management system.

Our Customers

We are committed to complying with the requirements of the Ministry of Defence and to continually understand and meet their needs. Through the effective alignment of objectives we will balance the needs of the MoD with those of our sponsors, employees, subcontractors and society, and endeavour to satisfy all parties.

Our Leadership

We will establish and communicate our vision and strategy for Aspire Defence and through our leadership exhibit our core values to guide the behaviour of all to achieve our objectives. We will ensure that this policy is communicated and understood by all employees and subcontractors.

Our People

We will utilise the knowledge and experience of our people in the development of Aspire Defence. We will ensure our people are competent and that their individual goals are aligned to the strategy, objectives and processes of Aspire Defence. We will recognise their contribution to the success of Aspire Defence.

Our Management System

Our management system will be designed to deliver our strategy and we will take a systematic approach in the management of our work. We will manage our system as a set of interconnected processes to deliver our objectives. Assigned individuals in the Aspire Defence organisation will be accountable for ensuring suitability and effectiveness of our processes. We will ensure our management system complies with the requirements of BS EN ISO9001.

Our Performance

We will measure the performance of our processes in the delivery of requirements and monitor them against agreed objectives. We will analyse our overall performance to ensure effective implementation of the management system. We will base our decisions on the logical analysis of data and ensure that all relevant information is available before decisions are taken and implemented.

Our Continual Improvement

We will establish a culture where learning and knowledge sharing is promoted and valued. We will continually seek to improve the effectiveness and efficiency of our processes to deliver 'best in class' performance.
